**Modification No. 34**  
**Page 2 of 3**

1. The purpose of this modification is to modify the MA-MISC Seat to provide print queue service to a network-connected device as an optional service.
2. The following Print Queue Services paragraph is incorporated in this Delivery Order as a Desktop Service Level Definition as Delivery Order Item 24 in Part IV.

**ITEM 24. PRINT QUEUE SERVICES**

Service Description: Provides print queue and print queue maintenance for network-connected printers, plotters, scanners, or other electronic equipment. Print jobs that become stuck in the print queue shall be cleared within 90 minutes of being identified to MRSPOC.

Print Queue Services	Typical Service Characteristic
None:	No print queue or print queue maintenance
Regular:	Print queue and print queue maintenance for network-connected devices

3. The Miscellaneous Maintenance Seat (MA-MISC) requirement set forth in Delivery Order Part III, Section B, Item No. 29 is revised as follows to add optional print queue services.

**29. MISCELLANEOUS MAINTENANCE SEAT (MA-MISC)** [revised] For this Delivery Order, the MA-MISC seat is added as a desktop seat. The description is provided below:

**MA-MISC SEAT DESCRIPTION**

**Functionality:** Provides standard maintenance services for a variety of computer peripherals and related hardware that is not directly associated with an ODIN seat. The purpose of this seat type is primarily to provide hardware maintenance and optionally print queue services for specialty printers, plotters, scanners, or other electronic equipment that does not fit the traditional definition of a “computer” (even though it may have an embedded CPU). The hardware in this seat type does not require connectivity to an ODIN managed network. System administration and system software services are made available if necessary for the effective functioning of the equipment. Moves/adds/changes are provided to accommodate the installation of catalog orders.

4. Delivery Order Attachment E-1, Summary of Seats and Service Levels for Desktops, is revised to incorporate the Print Queue Services for the MA-MISC seat. 	<b>MA-MISC</b>
<b>Print Queue Services</b>	
<b>None</b>	<b>S</b>
<b>Regular</b>	<b>O</b>

5. The price for the optional regular service level for the print queue services of a MA-MISC seat is \$21.00 per month for all years. The "none" service level is the standard services for the MA-MISC and does not change the seat price. The KSC Attachment B Price List.xls is revised to reflect this new service and price.
6. The List of Documents, Exhibits, and Other Attachments, Part VII of the Delivery Order, is revised to incorporate the following changes:
- Attachment E-1, Summary of Seats and Service Levels for Desktops, dated September 6, 2002. (3 pages)
  - Attachment B-18, MA MISC Price List, dated September 6, 2002 (2 pages)

Replacement pages are provided as enclosures to this Modification.

7. In consideration of the modification agreed to herein as complete equitable adjustment for the changes set forth, the Contractor hereby releases the Government from any and all liability under this delivery order for further equitable adjustment attributable to such fact or circumstances giving rise to these changes.
8. All other terms and conditions remain unchanged.
